

# CURRENT LIST of MEDICAL LITERATURE

Vol.9

December 21, 1945

No.25

## SUBJECT GROUPS ACCORDING TO JOURNALS

- |  |   |
|--|---|
| * 1. Anatomy; Histology                | * 26. Infectious Diseases; Epidemiology |
| * 2. Anthropology; Ethnology           | * 27. Medicine                          |
| 3. Archeology; Paleontology            | 28. Metabolism                          |
| 4. Aviation Medicine                   | * 29. Military and Naval Medicine       |
| * 5. Bacteriology; Parasitology        | * 30. Miscellaneous                     |
| * 6. Biology; Embryology               | * 31. Neurology; Psychiatry             |
| * 7. Bone; Joint; Extremities; Muscle  | * 32. Nursing                           |
| 8. Cancerology                         | * 33. Ophthalmology                     |
| * 9. Cardiovascular System             | * 34. Otorhinolaryngology; Phoniatry    |
| * 10. Chemistry; Physics               | * 35. Pathology                         |
| * 11. Dentistry; Stomatology           | * 36. Pediatrics; Child Welfare         |
| * 12. Dermatology                      | * 37. Pharmacology; Pharmacy            |
| 13. Diagnosis; Clinical Methods        | * 38. Physiology                        |
| * 14. Dietetics; Foods; Nutrition      | * 39. Psychology; Mental Hygiene        |
| * 15. Digestive System                 | * 40. Public Health; Sanitation         |
| * 16. Endocrinology                    | * 41. Radiology; Phototherapy           |
| * 17. Forensic Medicine; Toxicology    | 42. Respiratory System                  |
| * 18. Genetics; Eugenics               | * 43. Surgery; Traumatology             |
| * 19. Gynecology; Obstetrics           | 44. Therapeutics                        |
| 20. Hematology                         | * 45. Tropical Medicine                 |
| * 21. History; Biography; Bibliography | 46. Tuberculosis                        |
| * 22. Homeopathy; Osteopathy, etc.     | * 47. Urology                           |
| * 23. Hospitals                        | 48. Venereal Diseases; Sexology         |
| * 24. Immunology; Serology             | * 49. Veterinary Medicine               |
| 25. Industrial Hygiene; Sociology      | 50. Zoology                             |

THE ARMY MEDICAL LIBRARY  
Washington, D. C.

For sale by the Superintendent of Documents  
U. S. Government Printing Office, Washington  
25, D. C.: \$3.00 per year (\$3.75 foreign) 10  
cents per single copy. All communications  
regarding subscriptions should be addressed  
to the Superintendent of Documents at the  
above address.

## 1. Anatomy; Histology

Int. Rec., 1945, 93: (Sept.)

- PASTRELS, J. On the formation of the primary endoderm of the duck (*Anas domestica*) and on the significance of the bilaminar embryo in birds. 5-21, incl. 4pl.
- THOMAS, O.L. The vascular bed in normal and thiourea activated thyroid glands of the rat. 23-45, incl. 4pl.
- THOMAS, O.L. The vascular bed in normal and thiourea activated thyroid glands of the rat. 23-45, incl. 4pl.
- WINSATT, W.A., & WALDO, C.M. The normal occurrence of a peritoneal opening in the bursa ovarii of the mouse. 47-57, incl. 2pl.
- HELFRETER, J. Differential inhibition of growth and differentiation by mechanical and chemical means. 59-74.
- ATKINSON, W.B., & HOOKER, C.W. The day to day level of estrogen and progesterin throughout pregnancy and pseudopregnancy in the mouse. 75-95, incl. 3pl.
- STAFFORD, W.F., & MOSSMAN, H.W. The ovarian interstitial gland tissue and its relation to the pregnancy cycle in the guinea pig. 97-107, incl. 2pl.

## 2. Anthropology; Ethnology

Am. Anthrop., 1945, 47: (Oct.-Dec.)

- KRIEGER, A.D. An inquiry into supposed Mexican influence on a prehistoric cult in the southern United States. 483-515.
- GOLDFRANK, E.S. Socialization, personality, and the structure of Pueblo society (with particular reference to Hopi and Zuni) 516-39.
- THOMPSON, L. Logico-aesthetic integration in Hopi culture. 540-55.
- USKEM, J. The changing structure of a Micronesian society. 567-88.

## 3. Bacteriology; Parasitology

Microbiology, Moscow, 1944, 13: No. 6

- TAUSSON, T.A. /On the synthesis of ergosterin by yeasts/ 261-71.
- MISHUSTIN, E.N., & TIMOFEEVA, A.G. /Succession of microflora accompanying the process of decomposition of organic remains as connected with the development of *Bac. mycoides* Flugge in soils/ 272-84.
- BARBOTOVA, I.L. /Oxidation-reduction potential in acetone-butyl fermentation/ 285-92.
- PERSHINA, Z.G. /Some fluorescent bacteria and their pathogenicity for the plants/ 293-5.
- VOLKOVA, O.J., & BALABANOVA, A.V. /On the bactericidal properties of the Rambutan mud/ 296-309.
- UTENKOV, M.D. /Cultivation of microorganisms during a considerable period of time/ 310-4.
- PIKOVSKAYA, R. /Ammonifying bacteria as attendants of *Asotobacter chroococcum*/ 315-23.

## 4. Biology; Embryology

Biol. Bull., 1945, 69: (Oct.)

- KIDDER, G.W., & DENEY, V.C. Studies on the biochemistry of *Tetrahymena*; amino acids and their relation to the biosynthesis of thiamine. 131-43.
- LEFEVRE, P.G. Certain chemical factors influencing artificial activation of *Nereis* eggs. 144-56.
- RIBBARD, H., & LAVIN, G.I. A study of the Golgi apparatus in chicken gizzard epithelium by means of the quartz microscope. 157-61.
- HAYASHI, T. Dilution medium and survival of the spermatozoa of *Arbacia punctulata*; effect of the medium on fertilizing power. 162-79.
- KOZLOFF, E.N. Heterocinetes phoronopsis sp. nov. a ciliate from the tentacles of *Phoronopsis viridis* Hilton. 180-3.
- BEERS, C.D. The role of bacteria in the exocystment of the ciliate *Didinium nasutum*. 184.
- BERGER, C.A., & GRELL, M. Cytological studies in *Culex*. 184.
- BERTHOLF, L.M. Accelerating metamorphosis in the tunicate, *Styela partita*. 184.
- BROOKS, M.M. Oxidation-reduction studies on *Penicillium notatum* and other organisms. 185.
- BULLOCK, T.H. Organization of the giant nerve fiber system in *Neanthes virens*. 185.
- FROELICH, A. The influence of drugs on heat narcosis. 186.
- KEEP, W.M. In vivo and in vitro glycogen utilization in the avian nematode *Ascaridia galli*. 187.
- SANDOW, A. Studies of the muscle twitch recorded by electronic methods. 188.
- SCHARKER, B. Experimentally induced tumors in an insect. 189.
- SCHARKER, E. The origin of neurosecretory granules from basophil constituents of the nerve cells in fishes. 189.
- SHANES, A.M. Evidence of a metabolic effect by potassium in lowering the injury potential of invertebrate nerve. 189.
- STERN, K.G. Physical-chemical studies on chromosomal nucleoproteins. 190.
- TAFT, C.H. Action of quinine on the livers of tautog and toadfish. 190.
- WHITING, A.R. Differences in sensitivity, hatchability curves, and cytological effects between *Habrobracon* eggs x-rayed in first meiotic prophase and metaphase. 191.
- WHITING, P.W. The problem of reversal of male haploidy by selection. 191.
- WITKUS, E.R. Endomitosis in plants. 191.
- WRINCH, D. A tetrahedral framework for native proteins? 192.

Human Biol., 1945, 17: (Sept.)

- LOTKA, A.J. The law of evolution as a maximal principle. 167-94.
- STRANDSKOV, H.H., & DIEDERICH, G.W. The Rh blood factor among twins. 195-206.
- MICHELSON, N. Studies in the physical development; environmental trends among the American Negro. 207-28.
- MICHELSON, N. Studies in the physical development; resume and goals for further research. 229-42.

Usp.sovrem.biol., 1944, 18: No. 2

- VERNADSKY, V.I. [Contribution to the problem of noosphere] 119-20.  
 POLIKHAYEV, L.V. [The problem and conception of determination in the mechanics of development] 121-44.  
 UTEVSKY, A.M. [The products of adrenaline oxidation and the structure of sympathins] 145-64.  
 GREBINSKY, S.O. [Physiological and biochemical peculiarities of mountain plants] 165-93.  
 ROSKIN, G.I. [Vitamin C in normal and pathological cell life] 194-213.  
 LEITES, S.M. [Lipoic substance of the pancreas] 214-24.  
 LUBINSKAYA, L. [On the rate of restoration of function in injured nerves] 225-34.  
 ESKIN, I.A. [Sex hormones and the vegetative nervous system] 235-46.  
 MARKEVICH, A.P. [The origin and evolution of parasitic fauna in domestic animals and man.] 247-62.

Usp.sovrem.biol., 1945, 19: No.1

- MOSHKOVSKY, S.D. [Cytotropic agents of infection and the place of Rickettsia among Chlamydozoa] 1-44.  
 NURMANN, J.M. [Tissue metabolism of malignant tumors] 45-64.  
 CHOLODNY, N.G. [Contribution to the problem of the origin and development of life] 65-78.  
 LEITES, S.M. [Autoregulation mechanisms of metabolism] 79-97.  
 IVLEV, V.S. [Biological productivity of water] 98-120.  
 TWITT, J.C. [The role of genetic differentials in the embryonic development of amphibians.] 121-31.  
 GAUSE, G.F. [Variation and heredity among microscopic organisms] 132-4.  
 LEONTIEV, I.T. [New data on vitamin P] 134-6.

## 7. Bone; Joint; Extremities; Muscle

Bull.Hosp.Joint Dis., N.Y., 1945, 6: (April)

- BURMAN, M. Sarcoma of the hand with hemorrhage into the palm. 5-10.  
 THWIN, A.H. Bohler treatment of fractures of os calcis. 11-25.  
 STEIN, R.O. Swinging traction suspension apparatus; a new shoulder mobile traction. 26-8.  
 ZADEK, I. Painful knee due to hemangioma; cured by operation. 29-32.  
 LAFITE, P.W. A few points concerning the operative fusion of Charcot knee; report of a case. 33-40.  
 SAAL, J. Sickle cell anemia with polyneuritis. 41-6.  
 LIWOOD, E.R. Arthrogryphosis multiplex congenita; presentation of a case improved by surgical therapy. 47-53.  
 SALEM, E.P. Dorsolumbar kyphosis due to anterior poliomyelitis. 53-60.  
 MILCH, E. Torticollis due to sarcoma of sternocleidomastoid muscle. 61-3.

- WALDER, K. Fibrous dysplasia of bone; a case presenting massive growth of one of the rib lesions, but without evidence of malignant transformation. 64-9.  
 WUNDERMAN, A.L. Fibromyxoma of the metatarsal bone. 70-4.

## 9. Cardiovascular System

Brit.Heart J., 1945, 7: (July)

- NEUBAUER, C. Paroxysmal tachycardia in infancy and childhood. 107-15.  
 EAST, T. Traumatic rupture of the interventricular septum. 116-8.  
 ROCHÉ, R.H. Multiple chest lead cardiograms and their clinical value. 119-27.  
 DREYFUSS, F. Heart block in a diabetic with only mild arteriosclerosis. 128-34.  
 HOWELL, T.H. Arterial thickening in old age. 135-8.  
 PERRY, C.B. Malignant hypertension cured by unilateral nephrectomy. 139-42.  
 FLETCHER, G.M. Cardiac output in a case of pericardial effusion; with a note on pericardial pain. 143-6.  
 HELLMAN, P. Tuberculous pericarditis with effusion. 147-60.

## 10. Chemistry; Physics

Arch.Biochem., 1945, 8: (Nov.)

- JOHNSON, W.H. & TATUM, E.L. The heat labile growth factor for *Paramecium* in pressed yeast juice. 163-8.  
 PORTER, J.R. & MEYERS, F.P. Amino acid interrelationships in the nutrition of *Proteus morganii*. 169-76.  
 MICHAELIS, M. & THATCHER, F.S. The action of citrinin on some respiratory enzymes of *Staphylococcus aureus* and *Escherichia coli*. 177-82.  
 LERNER, E.M. & PICKETT, M.J. The fermentation of glucose by *Clostridium tetani*. 183-96.  
 KEMMERER, A.R. & FRAPS, G.S. Relative value of carotene in vegetables for growth of the white rat. 197-201.  
 WAISMAN, H.A. & LICHTSTEIN, H.C., et al. The effect of fat and sodium pyruvate on susceptibility of thiamine deficient mice to poliomyelitis virus. 203-10.  
 GUELER, C.J. & SCHMIDT, G.L.A. The effects of certain salts on the dissociation of carboxyhemoglobin. 211-38.  
 FONTAINE, T.D., IRVING, G.W., jr., & WARNER, R.C. Electrophoretic investigation of peanut proteins; composition of several peanut protein fractions. 239-49.  
 LANNI, F., FRIGEN, G.A. & LE ROSEN, A.L. The determination of gelatin in the presence of plasma proteins. 251-7.  
 COOBY, E.L. & SUMNER, J.B. Lipoxidase. 259-64.  
 LAUFFER, M.A. & CARNELLY, H.L. Thermal destruction of influenza A virus hemagglutinin; the kinetic process. 265-74.  
 WALLERSTEIN, J.S., ALBA, R.T., & HALE, M.G. Precipitation and recovery of malt and mold amylase by alkali cook lignin. 275-84.  
 SCHALES, O. & SCHALES, S.S. A simple method for the determination of glucose in blood. 285-92.

- KIDDER, G.W., & DEWEY, V.C. Studies on the biochemistry of *Tetrahymena*; the chemical nature of factors I and III. 293-301.
- WHITE, A.G.C., KRALLPITZ, L.O., & WERGMAN, C.H. Is a synthetic medium for the production of penicillin. 303-9.
- WOOSTER, R.C., & CHEDLIN, V.H. Growth requirements of *Penicillium digitatum*. 311-20.
- CHAPPAULT, J.R., LUNDBERG, W.O., & BURN, G.O. The chemical determination of tocopherols in animal fats; the stability of hog fats in relation to fatty acid composition and tocopherol contents. 321-35.
- SCHLENK, F., & FISHER, A. Note on the purification and properties of glutamic-aspartic transaminase. 337.

Chem. Rev., 1945, 37: (Aug.)

- BEADLE, G.W. Biochemical genetics. 15-96.
- MOELLER, T., & KREIDERS, E.E. The basicity characteristics of scandium, yttrium, and the rare earth elements. 97-159.

J. Am. Chem. Soc., 1945, 67: (Nov.)

- BROOKER, L.G.S., & SPRAGUE, R.H. Color and constitution; pyroloxyanines. 1869-74.
- BROOKER, L.G.S., SKLAR, A.L., et al. Color and constitution; interpretation of absorptions of dyes containing heterocyclic nuclei of different basicities. 1875-89.
- BROOKER, L.G.S., SPRAGUE, R.H., & GRESSMAN, E.W. Color and constitution; absorption of unsymmetrical carbonyl compounds. 1889-93.
- BAUR, F.J., Jr., & BROWN, J.B. The fatty acids of corn oil. 1899.
- KUMLER, W.D. Dipole moments of steroids. 1901-6.
- LINGANE, J.J. Coulometric analysis. 1916-22.
- SCALLET, B.L., & GARDNER, J.H. Formation of 5-hydroxymethylfurfural from D-glucose in aqueous solution. 1934.
- ASENJO, C.F., GOYCO, J.A., & MARTINEZ-PICO, Z. Puerto Rican fatty oils; the characteristics and composition of molinillo seed oil. 1936.
- CONTROULIS, J., & BARKES, C.K. Alkoxy-s-triazines. 1946-8.
- REYMAN, H., & FISHER, L.F. Derivatives of p,p'-diaminodiphenyl sulfone. 1979-86.
- REYMAN, H., & HEIDELBERGER, C. Derivatives of p,p'-diaminodiphenyl sulfone. 1986-90.
- CAVALLITO, C.J., & HASKELL, T.H. The mechanism of action of antibiotics; the reaction of unsaturated lactones with cysteine and related compounds. 1991-4.
- JACOBSON, R.A. Methacrylylurea and N-phenyl-N'-methacrylylurea. 1995.
- BRIDGE, D.R., & HULL, R. Studies on protein denaturation; electrophoretic study kinetics at neutrality of heat denaturation of  $\beta$ -lactoglobulin. 2007-14.
- BAKE, E., & FISHER, R.O.L. Synthesis of a homologous series of optically active normal aliphatic  $\alpha$ -monoglycerides (L-series) 2031-7.
- TALLEY, E.A., VALE, M.D., & YANOVSKY, E. Allyl ethers of carbohydrates; ethers of glucose and galactose. 2037-9.
- ENGLISH, J., Jr., & GRIEWOLD, P.H., Jr. Synthesis of some C-substituted penitols. 2039-41.

- ALBERTSON, N.F., & ARCHER, S. A synthesis of  $\alpha$ -L-ornithine hydrochloride. 2043.
- BULL, H.B. The elastic element of skeletal muscle. 2047.
- STEINER, H. The catalytic dehydrocyclization of paraffins. 2052-4.

## 11. Dentistry; Stomatology

Am. J. Orthodont., 1945, 31: (Nov.)

- SHKFFER, W.G. Diagnostic and treatment records. 541-9.
- McGOY, J.D. The appliance of my choice and the reasons why I employ it. 550-7.
- BERGER, H. The problem of extraction in orthodontics. 557-82.

Am. J. Orthodont., 1945, 31: Oral Surg. (Nov.)

- WINTER, G.R. Albers-Schönberg disease; report of 2 cases. 637-49.
- ERICH, W.E. Teratoid parasites of the mouth (epispheoides, epipalati (epuranti), epignathi) 650-9.
- APPLETON, J.L.T. Anti-infectious properties of saliva; a review. 659-66.
- IVY, R.H., & CURTIS, L. Two cases of sublingual dermoid and a case of protrusion of mandible. 666-75.
- GABEL, A.B. An analysis of the mechanics of the periodontal membrane. 675-80.
- BURKOT, L.W. Hematologic findings in fuso-spirochetal stomatitis. 681-4.
- MELLOY, T.M., Jr., GUNTER, J.H., & SAMPSON, D.A. Mandibular lesion as first evidence of multiple myeloma. 685-9.
